Chris/Benita/Dave—attached are the two OWOW drafts. Note that we have not separately run these by the Regions, but they are based on information that the Regions are familiar with.

Donna/Palmer—I made some additional edits, so feel free to take a look and loop back to me if you think we need to follow-up.

Thanks

John

Subject: OCIR push on regional OW factsheets for Administrator's Hearing

All –

OCIR let us know that they are particularly interested in getting the OW/Regional factsheets for the hearing (as opposed to the purely OW ones) as soon as possible. For us that would be:

Redacted - Non-responsive

• [REDACTED] Cargill

Redacted - Non-responsive

If it's possible to get these wrapped up sooner than Friday, we can pass them along to OCIR so they can run them through the traps on their side.

Please let me know what you think is feasible.
